

BINSPIN

RECYCLING THE FUN WAY

A game by Ariel Laden
2-6 players, age 6 and up

Includes:

- 62 playing cards: 48 garbage cards (12 of 4 colors)
- 14 action cards (4 Street Cats, 4 Trucks, 4 Spin The Bin Cards, 2 Recycle Jokers).
- 2 key cards.

Game object

Players try to recycle their garbage and get rid of their cards.

Game set up

Deal 7 cards to each player as an opening hand. Leave the rest of the cards as a draw pile.

How to play

During the game players will open bins in different colors and try to get rid of their garbage cards accordingly.

- To open a bin of a certain color **place one Garbage Card** of that color.
- Once a bin is open, the following players can place **all their Garbage Cards** of the same color.
- At the end of each turn, players must draw one card from the draw pile (note: except after using The Street Cat card).

Game layout

Discard pile Draw pile Paper bin Metal bin Organic bin Plastic bin

Garbage Cards

There are 48 garbage cards in the game, divided into 4 different colors:

Plastic - Red, Organic - purple, Metal - blue, Paper - yellow.

Special Cards:

There are 14 special cards in the game of 4 different types. Only one special card can be used in each turn.

Spin The Bin Card

Use this card to pass one of the cards in your hand to your opponent. Place the special card in the discard pile.

Recycling Joker

Use this card to open a bin in any color you choose, and in the same turn – get rid of all Garbage Cards of the same color. You may also use The Joker as a Garbage Card of any color.

Truck Card

Use this card **to clean up the table** and collect all of the open bins to the discard pile. This card can be used also after placing garbage cards.

Street Cat Cards

Use this card to make the next player **pick up one garbage card** from one of the open bins. In turn, the next player can place another Street Cat Card and pass the accumulating fine to the next player and so on.

Pay attention! In case there are no open bins, the cards must be drawn from the draw pile (the number of cards a player needs to draw is equal to the number of Street Cat Cards placed).

After using the card there is no need to draw a card from the draw pile.

Ending the game

The game ends when a player has no cards left. You cannot win the game by placing a single Garbage Card that opens a new bin. In this case, a card needs to be drawn from the draw pile and the game continues.
